

PLUG MASTER
INDUSTRIAL CO., LTD.

PROFESSIONAL FAST RJ45 CRIMPING TOOL

Features

- Compatible with all PMC Pass-Thru 8P RJ45 Cat6A / Cat6 / Cat5e plugs, for cable insulation **O.D. 0.70 to 1.40mm**.
- Two-in-one Design : Cuts and Crimps in one tool for efficient, professional results.
- Cuts neatly with no excess edges ; the lifetime of the blade is more than 10,000 times.

Compatible Plug Types

【Cat.5e/Cat.6/Cat.6A】

- ❖ Standard RJ45 Plugs
- ❖ Plugs with External Ground 【Cable Clip】
- ❖ Pass-Thru Plug
- ❖ Arc Latch Pass-Thru Plug

PM-3008R

Advantages

- ❖ Universal crimping tool suitable for various plug types.
- ❖ Precise crimping for improved installation efficiency and stable connections.
- ❖ Made from high-strength materials for durability and long-lasting use.

Cable Stripping-Cutting Tool

W/ External ground crimping function

Features

- Compatible with **UTP/STP & multi-conductor cables**.
- **Self-adjusting device** prevents nicks to internal conductors.
- **Adjustable stripping blade** for precise depth control.
- **Built-in cable cutter**.
- **External ground crimping function** for Cable Jacket diameter , up to Ø7.00mm and Ø8.00mm.

PM-3003B

External Ground Crimp Tool

Features

- Works on external ground RJ45 Shielded Plugs, Max. Ø 6.0mm / Max. Ø8.5 mm.
- Simple design, easy-to-use.
- Made from medium carbon steel material for excellent durability.

PM-5042

LIGHT WEIGHT RJ45 PASS THROUGH CRIMPING TOOL

Features

- Compatible with all PMC Pass-Thru 8P RJ45 Cat.6A / Cat.6 / Cat.5e plugs and standard connectors, for insulation O.D. **0.70 to 1.20mm.**
- ✓ To crimp large diameter Pass-Thru plugs, **P8-069-15 & P8-069-16 1.4mm**, please choose the Professional Tool PM-3008R.

PM-6068

LIGHT WEIGHT & PORTABLE DESIGN

- Made of S45C Medium Carbon Steel, ensuring high strength and durability.
- Dual-color TPR handle, providing excellent slip resistance, shock absorption, and superior comfort.

PRECISION CRIMPING TECHNOLOGY

- **Blade Design** : Cleanly cuts wires without excess edges.
- **Positioning Point Design** : Ensures the plug is fully inserted before crimping to avoid errors.
- **Release Button** : Easily remove the crimped patch cord.
